

To Register Your Device iOS

Turn on your device's WiFi

Search and choose the RUSD-Guest network

Open a browser and try to navigate to a web page

The browser will be redirected to an RUSD internal page of choices

Choose the REGISTER DEVICE button

The next page will prompt you for a username and password

****STAFF****

use your district assigned USERNAME (ex: first initial full last name; jsmith for John Smith)

use the TEMPORARY DISTRICT PASSWORD that we send to you (do not use your current district logon password)

****STUDENTS****

use your district assigned student USERNAME (ex: John smith 012123 = jsmi2123)

use your district assigned student password

Once you have typed in your username and password PRESS THE LOG IN button

A configuration file will be sent to your device

You will then see the INSTALL PROFILE screen of your iOS device

PRESS the INSTALL button to install your special security key

Choose the INSTALL NOW button

If your iOS device has the use device password option turned on please input your password now

After The Profile installation in your iOS device press the HOME BUTTON

Open Safari and navigate to a web page to see if your device can reach the Internet
